

Covid 19 Pandemic Policy

Only parents/guardians who are symptom free will be permitted to drop/pick the child from Nursery.

Parents are forbidden to send their child in the event that they or their child has come into contact with anyone who has tested positive for Coronavirus.

Parents will be informed of drop off & pick up time. This MUST be adhered to in order to avoid overcrowding outside the Nursery. Social Distancing MUST followed at ALL TIMES.

On arrival at the security gate, parents must show GREEN on the Ehteraz App.

The child will be received by a member of staff and taken to the Wellness room:

- Have their temperature checked (shows less than 37.8 degrees Celsius)
- Sanitize their hands

Whilst the child is being examined, the parent will wait outside the Nursery. The parent will only leave after the Nurse completes her routine examination. The Nursery staff will then escort the child to their classroom after sanitizing the child's hands.

Please note medication will not be accepted in the Nursery. If your child is taking medication then please stay at home.

If your child is sick, she/he will not be accepted into the Nursery.

If your child develops any of the below listed symptoms whilst at the Nursery, we will isolate them in a separate room with a member of staff and you must pick up the child from the nursery within 30 minutes of the call.

We will then require you to take your child to an approved medical facility to have a Rapid Antigen Test (RAT). If the results are negative your child may return to the Nursery.

If the outcome is a positive result your child may only return on day 8 (after a negative RAT from an approved medical facility taken on day 7) or on day 11 after completion of 10 days quarantine.

Daffodils دافوديلز نرسري Nursery

We will require all copies of RAT results before approval before your child resumes.

The following key symptoms are:

- *Fever equal to or higher than 37.8 degrees*
- *Cough*
- *Runny nose/congestion*
- *Muscle aches & tiredness*
- *Difficulty breathing*
- *Sore throat*
- *Headache*
- *Diarrhoea*
- *Vomiting*

Please note this is a very challenging time for all especially the children. We commit our very best to ensure their safety and comfort without disrupting their nursery routine. Therefore, we ask you to please follow all of the practices that we have in place to support the smoothest transition for your child.
